Description of Change Request

Purpose of the change request.

To ensure that the high quality TL200 will be exclusively shipped to a specific customer (VP), that is very particular to the TL200's quality.

Proposed Change

Describe the proposed change in detail.

Please make the "VP" shipping remarks exclusive for TL200 of PM1 only.

Reason for Change

Explain the business need or technical requirement that justifies this change.

The client is particular about the quality of TL200 grade. Paper Machine 1 has some process modifications to help meet the required quality of the customer. Other grades have common specifications that do not need to bear the VP marks on the labels. The grades are sorted in the warehouse according to sizes, not based on customer.

Impact Assessment

Please provide an assessment of the impact of this change on the project/task

Risks/Negative Impact on Customer if not done: Severity = 2, Occurrence = 3, Detection = 2
Non-VP clients, especially major competitors, may raise questions on the meaning of the VP shipping remarks on TL140, TL170, and other non-TL200 grades.

Benefits

1. Reduction of hustling and searching time of roll clamp operators
2. Special TL200 run for VP will be shipped exclusively to the intended customer

Solution Recommendation

Describe the proposed solution or approach to implement the change.

For IMOs with VP customer code, no need to have "VP" shipping remarks on labels of grades other than TL200.

Hello Sir Gerald,

Upon checking, the shipping remarks are user-inputted, which is why they can be placed regardless of the paper grade. If you want VP Shipping Remarks to be exclusive to TL200 items, you need to fill out the Change Request Form attached below.

Let us know if you have any questions or clarifications regarding this matter.

Thanks and Regards,
Trisha Paran

Please set the "VP" Shipping remarks to be automatically printed exclusively for TL200 products' labels. It has been noticed by Shipping that the "VP" shipping remarks are also being printed on the labels of other grades like CM150, TL140, and TL170.

Thanks and Regards,
